Allemall Foundation Joins Effort

# Foothills Forever Campaign Gaining Momentum

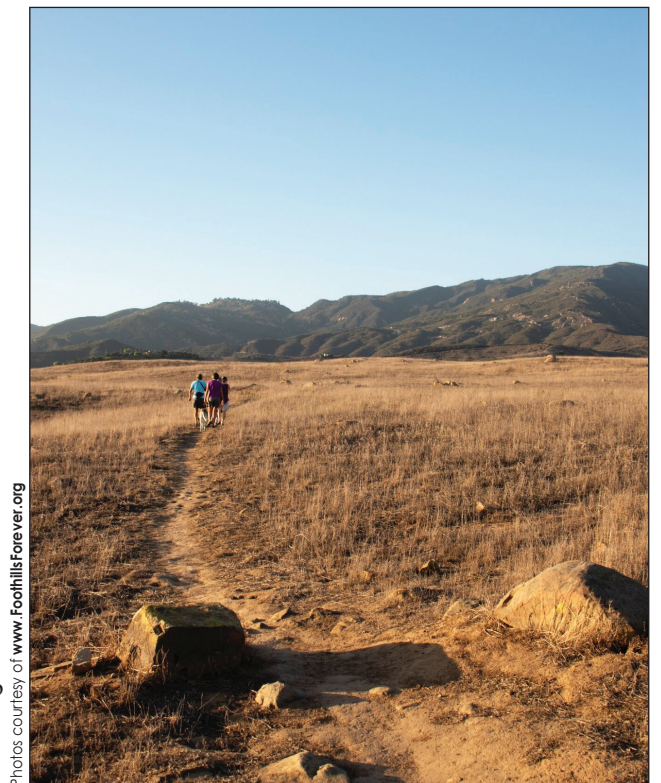

**F**OOHILLS FOREVER, the campaign to purchase the West Mesa of the San Marcos Foothills, has announced that they have met all interim milestones and are in the home stretch to finish the campaign on June 1st. Foothills Forever has been joined in their efforts by a national conservation organization, the Allemall Foundation.

“We are delighted to have been joined by the Allemall Foundation in our efforts to obtain the property,” stated Peter Schuyler, Co-Chair of the fundraising campaign. The Allemall Foundation recently helped the Redwood Coast Land Conservancy complete the purchase of the Mill Bend Conservation Project in Mendocino County.

“The moment that we learned of the community efforts to save this important grassland open space, we knew we wanted to help,” said Ed Scott, Executive Director of the Allemall Foundation. “We can’t do it alone, but we can help the Santa Barbara community with additional resources, to help meet your incredibly tight timeline.”

Supervisor Gregg Hart praised the efforts of Allemall Foundation, noting, “this gives us an increased opportunity to meet the challenge for local residents to save this precious land.”

“Saving the San Marcos Foothills continues our community’s legacy of permanently saving threatened open space lands for the community’s use,” explained said Marc Chytilo, an attorney for the campaign. “The Douglas Family Preserve, Carpinteria Bluffs, Spurling Preserve at Ellwood, and many of the open spaces important to our community, all faced these fundraising challenges.”

So far, many local individuals and groups are involved.

“We now need angel donors to step up, as well as the wider community to continue to support the campaign. Over 3,500 individuals, businesses, and foundations have contributed more than \$7.6 million in cash and pledges to date, plus a short-term loan from Montecito Bank & Trust, to meet the terms of the purchase agreement. An additional \$12.4 million is needed before the June 1st deadline, to secure the legacy,” Schuyler elaborated.

“Our task as we navigate this last and largest fundraising goal to buy and protect the San Marcos Foothills West Mesa is to remember that every one of us can benefit

from this land as public open space, and every donation large and small helps us achieve that goal,” said Marianne Parra, a member of the campaign leadership team.

“It is important that we protect the land in perpetuity for every one of us, toddler to elder, winged, two legs, four legs, eight legs and those who slither,” Parra added. “These 101 acres feel like 20,000, with wide expansive views and incredible beauty for all to enjoy.”

Campaign volunteers are providing docent-led tours from 10 to 11:30am every Saturday and Sunday through the month of May. Tours may also be scheduled through [www.FoothillsForever.org](http://www.FoothillsForever.org).
